

Notes from the September SE Uplift Board Meeting, held 9/2/2014

Notes by Chair Robert McCullough

Welcome back from vacation. For those with widgeons, happy first day of school!

We did not have a quorum, so we have four board members awaiting formal appointment -- two at large members (Mandy Heaton -- Reed-- and Mary Ann Schwab) plus two new neighborhood associations members (Tyler King and Grey Moulliet).

Ashe Urban presented her plans for the next Knock Knock on September 24, 2014.

I presented a plan to attend each of the neighborhood association meetings this fall. Board members advised me that we need more notice, so we plan to start this process in October -- not November. The preliminary list is below and will be adjusted accordingly.

We had an extensive discussion of city hall lack of public involvement in demolition, AirBnB, and street fees. We are inviting BDS and transportation representatives to our net meeting. Don Gardner is drafting a preliminary letter on AirBnB regulations.

We are planning on two Saturday strategic planning sessions to drive our future plans and activities. We are planning that the first will give a good overview of our resources and abilities.

We will distribute our history before the next board meeting. I will also be distributing a "manifesto" to go with our history.

Robert
